If you have any questions please email Kelli Behrends
at training@narbha.org

Purpose of Training
This training will provide participants with comprehensive skills to work effectively with individuals and colleagues from other cultures, backgrounds, and belief systems. The goal is to provide awareness, education, and guidance on providing culturally and linguistically appropriate care for all individuals.

Participants will develop and strengthen their personal and organizational cultural and linguistic competence, within the health care system.

DBHS Training Expectation

“NARBHA is the Regional Behavioral Health Authority for Coconino, Navajo, Yavapai, Apache and Mohave counties. Funds for services are provided through a contract with the Arizona Department of Health Services/Division of Behavioral Health Services and AHCCCS.”
