

# SUGGESTED FORMAT FOR TELEMEDICINE PROVIDERS

## PM FORM 3.15.2 TMED

### Informed Consent for Psychotropic Medication Treatment

[\(Link to Spanish Version\)](#)

I have discussed the following information with my prescriber for each medication listed below:

- The diagnosis and target symptoms for the medication recommended;
- The possible benefits/intended outcome of treatment, and as applicable, all available procedures involved in the proposed treatment;
- The possible risks and side effects, including risks of medication to pregnant women and women who are breast feeding;
- The possible alternatives;
- The possible results of not taking the recommended medication;
- The possibility that my medication dose may need to be adjusted over time, in consultation with my behavioral health medical practitioner;
- My right to actively participate in my treatment by discussing medication concerns or questions with my behavioral health medical practitioner;
- My right to withdraw voluntary consent for medication at any time (unless the use of medications in my treatment is required in a Court Order or in a Special Treatment Plan); and
- For persons under 18 years of age, the FDA status of the medication and the level of evidence supporting the recommended medication.

*I understand the medication information that has been provided to me. By signing below I agree to the use of each medication.*

\* Target Symptoms refer to specific symptoms associated with a diagnosis, such as tearfulness, hallucinations, insomnia. List the target symptoms rather than the underlying diagnosis.

\*\* "Previously" indicates the medication had been discussed in a previous setting or by another prescriber (hospital, another clinic, etc.) and you are verifying that the person continues to consent to treatment with this medication.

\*\*\* Ensure informed consent form with original patient signature is located in patient's file. If consent obtained by telephone or through telemedicine, individual may initial and date at next face-to-face visit.
