Section 7.2  Medical Institution Reporting of Medicare Part D

7.2.1  Introduction
Medicare eligible recipients, including persons who are dually eligible for Medicare (Title XVIII) and Medicaid (Title XIX/XXI) receive Medicare Part D prescription drug benefits through Medicare Prescription Drug Plans (PDPs) or Medicare Advantage Prescription Drug Plans (MA-PDs). Medicare Part D coverage includes co-payment requirements of all persons. However, Medicare Part D co-payments are waived when a dual eligible person enters a Medicaid funded medical institution for at least a full calendar month. Medical institutions must notify the Arizona Health Care Cost Containment System (AHCCCS) when a dual eligible person is expected to be in the medical institution for at least a full calendar month to ensure co-payments for Part D are waived. The waiver of co-payments applies for the remainder of the calendar year, regardless of whether the person continues to reside in a medical institution. Given the limited resources of many dual eligible persons and to prevent the unnecessary burden of additional co-pay costs, it is imperative that these individuals are identified as soon as possible.

The objective of this policy is to inform providers designated as medical institutions of reporting and tracking requirements for dual eligible persons to ensure Medicare Part D co-pays are waived.
