Covered Behavioral Health Services Guide

The ADHS/DBHS Covered Behavioral Health Services Guide describes the comprehensive array of covered behavioral health services that will assist, support and encourage each eligible person to achieve and maintain the highest possible level of health and self-sufficiency. The goals that influenced the development of the Covered Behavioral Health Services are:

- Aligning services to support a person/family centered service delivery model
- Focusing services to meet recovery goals
- Increasing provider flexibility to better meet individual person/family needs
- Eliminating barriers to service
- Recognizing and including support services provided by non-licensed individuals and agencies
- Streamlining service codes
- Maximizing Title XIX/XXI funds

This service guide outlines the array of available services and addresses critical components that must be in place to successfully encounter services.
