

National Council Partners with Trilogy to Offer New Web and Social Media Resources
Network of Care
May 11, 2009

The National Council has partnered with Trilogy and the Network of Care to give members priority access to a comprehensive array of cutting-edge web technologies — the interactive Network of Care web portal for your community and consumers, customized social networking platforms, and website design and development.

Trilogy's Network of Care is a comprehensive local web portal for behavioral health and social services. It has won numerous awards and was singled out by the President's New Freedom Commission. It currently is in 30 states and nearly 500 communities nationwide. You can purchase a Network of Care portal branded to your organization that includes a Service Directory for all behavioral health and related services and support in your community, a library of information on more than 40,000 behavioral health articles, news headlines, legislative tracking and advocacy tools, and the ability for consumers to create and maintain personal health records online. Network of Care enable you to better serve your consumers and their families and to make an impact in your community. See examples of Network of Care sites at www.networkofcare.org.

If you're looking to build a new website or redesign and refresh your site, Trilogy can help. Check out some sites they built for other agencies.
