Support and Rehabilitation Services Provider
A behavioral health provider agency that delivers Support and Rehabilitation Services as defined above. There are two main types of Support and Rehabilitation Services providers:

- **Generalist Support and Rehabilitation Services Providers** - configure their program operations to the needs of the Child and Family Team without arbitrary limits on frequency, duration, type of service, age, gender, population or other factors associated with the delivery of Support and Rehabilitation Services.

- **Specialist Support and Rehabilitation Services Providers** - provide either a limited scope of Support and Rehabilitation Services (such as primarily specializing in respite services or skills training services) and/or services that may be designed for a specific population, age, gender, frequency, duration or some other factor (such as a service specializing in working with teenagers or those with a history of displaying harmful sexual behaviors).
