

Supportive Housing

Housing, as defined in 24 CFR Part 583, in conjunction with which supportive services are provided for tenants if the housing is safe and sanitary and meets any applicable State and local housing codes and licensing requirements in the jurisdiction in which the housing is located and the requirements of this part; and the housing is transitional housing; safe haven; permanent housing for homeless persons with disabilities; or is a part of, a particularly innovative project for, or alternative method of, meeting the immediate and long-term needs of homeless persons and families.
