To register, contact Amy Ehrenreich at amy.ehrenreich@narbha.org or call 928-774-7128.

- **5/12 Flagstaff**

Great Debate IX/Reactive Attachment Disorder & Attachment Therapy

Dr. Lemler will present an overview of Attachment theory and its relationship to Object Relations Theory and applications in treatment. Dr. Bohanske will argue that dynamic “Drive Theory” and the regression to personality phases has been replaced with a broader understanding of individual development.

Registration info to be announced.

- **5/15 Phoenix**

Arizona Victim Assistance Academy (AVAA)

This course provides a fundamental overview of the entire field of advocacy including victimology, victim rights, and victims’ assistance for residents in Arizona. The goals of this course are to provide a broad spectrum of basic advocacy training which will standardize the training of crime victim advocates in AZ, expand and enhance the level of professionalism within the victim services field, provide an opportunity to network with other providers and increase participants’ knowledge of resources. In order to be eligible for acceptance into the Academy, applicants must submit a completed application, along with a \$500 registration fee.

For more information, contact Cindy Heard at 602-421-9354 or at acvsavaa@yahoo.com.

- **5/17 – 22 Flagstaff**

Netsmart CONNECTIONS 2009

This conference is designed to get the most value from Netsmart software and services, for expanded clinical knowledge, and for executive management and strategic development.

For more information and to register, go to www.netsmartconnections.com or call 888-225-2642 ext. 7266.

Clinical Foundations: The Keys to Enhanced Clinical Skills

A review of DSM IV TR and mental status. Review of strength-based client-directed interview skills.

To register, go to <http://ti-sbh.org/cde.cfm?event=225458>

- **5/20 Phoenix**

Transforming Anger: A Radically Positive Approach

The morning segment will cover resistance and the uncooperative client. Participants will learn new ideas and skills to use when working with an angry and resistant client; understand resistance as a therapeutic opportunity; outline five things a therapist needs to know about “stuck” therapy; learn how to model cooperation to an uncooperative client; and identify how to track the therapeutic alliance. The afternoon segment will discuss: keys to transforming resistance; moving client from “stuck” to “progress”; transforming anger into a positive force; ways to help clients who usually fail in therapy; how the therapist can best help angry patients and their families; and the social and interpersonal costs of anger.

To register, go to <http://www.sweducationcenter.org/registration.htm>.

- **5/22 Prescott**

JUNE 2009

“Strengths-Based Supervision” Clinical Supervision 6-Hour Workshop

This continuing education course meets the BBHE requirement for 6 hours of ongoing training regarding clinical supervision required for all clinical supervisors in Arizona after completion of the initial 12 hours required course. This course will present a strengths-based model of clinical supervision that will discuss ways in which supervisors can teach, model and encourage the principles of the strengths perspective in the context of their supervisory practices.

To register, go to <http://www.naswaz.com/cde.cfm?event=237794>.

- **6/5 Scottsdale**
